PROFESSIONAL EXPERIENCES

Ant Group

Event Operations & Marketing, Full-time

Hangzhou, China

Apr 2026 – Jun 2026

- **Full-Cycle Event Delivery:** Led end-to-end execution of a large-scale robotics competition spanning 50+ sessions with participants, judges, and technical teams. Coordinated with internal finance, legal, compliance, procurement, and brand functions to align deliverables, contracts, and timelines, ensuring zero-delay execution across all sessions.
- **Vendor & Facility Coordination:** Partnered with external vendors and facility teams to orchestrate on-site logistics including venue setup, equipment deployment, and material preparation. Managed technical environment deployment covering MiniConda and Python, enabling seamless competition operations.
- **Documentation & Financial Admin:** Established standardized testing SOPs and maintained central filing systems for competition records, participant data, and post-event reports. Processed vendor invoices and expense reimbursements, tracking budget utilization against event expenditures and ensuring all payments were completed within approved budgets. Produced 3 post-event recap reports with data-driven recommendations for leadership.

LianLian Global

Merchant Business Development Intern, Full-time

Hangzhou, China

Jul 2026 – Aug 2026

- **Cross-Functional Process Management:** Partnered with internal Risk Control, Compliance, and Product teams to align on European merchant onboarding requirements, streamlining internal workflows and reducing access friction. Coordinated across 5+ functions to ensure seamless project delivery, facilitating full-process onboarding for 10+ European merchants.
- **Documentation & Filing Systems:** Managed end-to-end merchant onboarding documentation covering information collection, access material review, and system integration records. Established a standardized KA onboarding SOP with organized filing systems for all merchant cases. Created a searchable documentation framework enabling rapid retrieval of compliance records and partner agreements.
- **Market Intelligence Reporting:** Conducted regular tracking of European payment market trends and competitor strategies through offline store inspections and online industry reports, covering fee structures, user experience, and merchant penetration rates. Delivered 2 weekly market insight reports to leadership, providing data-driven support for differentiated merchant acquisition strategies and optimizing conversion pathways. Processed merchant onboarding documentation through compliance checkpoints, ensuring all records met internal standards before operational activation.

Hangzhou Daily – International Communication Center

Business Operations & Brand Marketing, Full-time

Hangzhou, China

Dec 2025 – Mar 2026

- **Audience & Brand Strategy:** Managed a 1M+ follower overseas social media portfolio, conducting in-depth audience persona analysis covering demographics, content consumption habits, and engagement patterns. Developed a differentiated content strategy that framed Hangzhou as a city of historical culture and digital economy, increasing engagement rate by 25% and organically reaching 3.7M+ overseas users over 3 months.
- **Cross-Cultural Content Production:** Conceptualized and produced 10+ bilingual brand campaigns spanning heritage, tourism, and entertainment themes, applying cultural adaptation strategies to ensure international audience resonance. Generated 6.9M+ total impressions with a single campaign peaking at 500K+ views. Secured reposts from official overseas tourism boards, validating cross-cultural effectiveness and elevating the account's influence among China's city-level international communication platforms.
- **Creator Ecosystem Management:** Built a three-dimensional KOL evaluation framework covering reach, engagement, and content fit. Developed a reusable creator collaboration SOP that streamlined brief writing, contract negotiation, content review, and performance analytics. Scaled creator partnerships to drive 200K+ net follower growth on a single project. Established a searchable content asset library categorizing 50+ high-performing posts by theme, format, and engagement metrics for efficient campaign reference and resource reuse.
